Back to the amnesia, back to a new reality.

Each poem is a little story, inspiring be strong, never give up, be true to yourself and your dreams despite difficulties, losses and pain. They give us the strength not to give up our worst part and be able to accept you as you really are. Poems help to collect all the knowledge from the fragments of memory to understand how to find strength in yourself and survive in the battle. Look how worlds and their ideals collapse, it's raining heavy drops, hurricanes echo distant events and words in our ears. But the stories show that it is necessary to stand on one's own land and to go forward keeping good fragments from one's old life in one's memory.

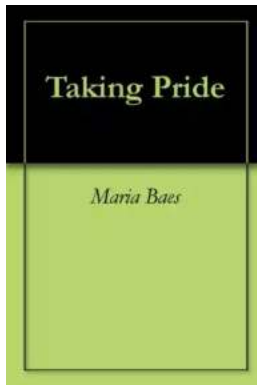

The poems are inspired for centuries when the honor and courage of a knight were more valuable than gold. One of them is a short story about great heroes, fortitude and their own pride, honor and courage. Other poems are filled with a struggle with their own weaknesses, doubts and fears, the search for themselves and destiny.

The Back2Amnesia collection is an incredible opportunity to find inspiration in a world where honor, joy, courage still matter. And this is an echo of our own hearts.

What would you do if you are strangers in a new reality? What would you do if you have nowhere to go now and the world around you is full of illusions and phantoms of memories of past years? You think this is impossible, you cannot be someone else?

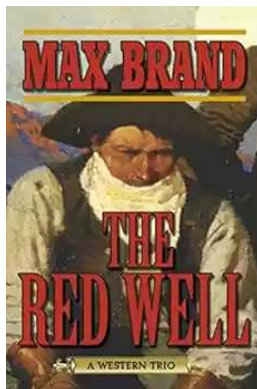

Take a look into the far and hidden corners of your memory and you will have to admit that the world around you will change forever. Phantoms of memory are always waiting for you along the way. They are like bright

flashes of past events and past life shaping our worldview and mindset.
Don't be afraid to look and dive into the river of memories and knowledge.
