Unleashing Justice without Boundaries

Imagine a squad of highly skilled warriors who do not answer to any government or military chain of command. The Outcast Seal Team Disavowed is precisely that.

These elite warriors have been abandoned and disowned by their own organizations due to either political reasons or actions that forced them to defy orders in order to protect innocent lives. But rather than being broken by betrayal and abandonment, they have risen from the ashes, forming an unstoppable force that strikes fear into the hearts of those who threaten national security.

Their missions take them across the globe, from war-torn countries to crime-infested cities, as they carry out operations that many deem too risky or impossible. They operate under aliases, leaving behind their former identities, and their every move is shrouded in secrecy. The Outcast Seal Team Disavowed operates on its own terms, without the restrictions of conventional military rules and regulations.

THEY'RE ALL DEAD.

When disavowed Navy SEAL, Jasper King, receives this cryptic message from his former love, he's out of his mind with worry, calling in very big favors to get himself to Antarctica ASAP.

Upon his arrival at her scientific station, Jasper realizes he's stumbled upon a nightmare far more dangerous than he'd ever imagined. Faced with a decades'-old mystery, maniacal fortune hunters, and the brutally cold and treacherous environment, how will he save not only their relationship, but lives?

SEAL Team: Disavowed

To become a United States Navy SEAL, a man must be physically forged in steel and able to mentally compute life or death situations with laser accuracy and speed. Our country trusts these men with the most sensitive military operations—many so covert that once they are successfully completed, they are never spoken of again.

This series celebrates one particularly fierce band of brothers who valiantly battled terrorists whose crimes against nature and humanity were far too great to chance escape. On a dark night, on foreign soil, SEAL Team Alpha witnessed acts so unspeakably cruel against women, infants and small children that their consciences would not allow anything other than their own brand of justice for the scum terrorist cell.

A trial would have been too good for these pigs, and so, one-by-one they were taken out, and the women and children they'd used were freed. By dawn, an entire region breathed easier. The men of Alpha found themselves heroes to those whose lives they had saved, but virtual criminals in the eyes of the organization they served. After a lengthy investigation, their elite, covert team was formally disbanded.

They now spend their lives deep undercover, still serving—no longer their country, but individuals who find themselves in need of not only their own personal warrior, but a particular brand of justice.

While honorably discharged, these men and their actions will forever be disavowed . . .
