Remember the wild girl is a collection of short poems and prose for daydreamers. For all those who have their head in the clouds. Who dream of a wild and magical life.

“This is how we dreamed. Moonlight in our mouths, summer in our skies and love on our lips.”

In her first poetry collection, Instagram poet @word_enchantress captures what it means to be wild again. To rediscover our dreams and live them. To find magic in every day and every season. In her poetry and prose, she writes about the excitement of a summer romance, rooftop dances above restless cities, red wine conversations with strangers that turn into something more, almost lovers and might-have-beens, holding on and letting go, life back on the road again and finding home in self-love.

This poetry collection is divided into four chapters and each chapter explores a different season: Autumn numbness, winter solitude, spring awakening and summer love. Each poem is accompanied by a personal note, similar to an Instagram poetry caption.

Remember the wild girl is daydreamy, romantic, wild and inspirational. It's the perfect gift for yourself or someone you love, especially after the two difficult years we've all been through.

There's poetry in being wild – let's rediscover it
