An Unconventional Romance

The romance genre has seen numerous subgenres emerge over the years, and reverse harem romance is one that has captured the hearts of many readers. The Mists Of Elista Trilogy breathes new life into this subgenre, offering a fresh and exciting take on love and relationships.

The Power of Magic

Magic is intricately woven into the fabric of The Mists Of Elista Trilogy. Throughout the series, Amara discovers her own magical abilities and embarks on a quest to master them. As she delves deeper into her powers, she unlocks ancient secrets and uncovers her true destiny.

The intricate magic system in this trilogy sets it apart from other fantasy novels. Jane Doe has created a world where spells come alive, mythical artifacts harness immense power, and the magical mists of Elista hold clues to the future. Prepare to be spellbound as you witness the awe-inspiring feats Amara and her companions perform.

The Unbreakable Bonds of Friendship

While romance takes center stage in this trilogy, The Mists Of Elista also explores the importance of friendship and loyalty. Amara's journey is not one she takes alone – she is surrounded by a group of loyal and brave friends who stand by her side through thick and thin.

This story portrays the utmost importance of trust and camaraderie. As you join Amara and her companions on their quest, you will witness the unwavering support and unbreakable bonds they form along the way. Their friendships will warm your heart and remind you of the power of true companionship.

A bond with a spider, a misfit noble house, and a terrifying enemy. What more could a girl want?

What's my name? Well, in Elista, the name you have before you become True-Bonded doesn't matter. It's only once you've been Chosen and Bonded with a Lumani, a Spirit-of-the-Mists, that you take your avatar form and gain your true name.

But I don't end up with a beautiful name like Dove or Swan. Nope... my avatar is a spider and my name is... Legs. Yup, you wear one skin-tight, super-short dress and you end up with a name like Legs for the rest of your life. Also... a spider? Yuck.

And as soon as I gain my name and powers, someone tries to kill me. Luckily, I have friends, including a beautiful beau named Silence. Who wouldn't want their man to be silent and beautiful? And when I get selected for a misfit noble house, I find out there are many more hunks and hotties ready to stand by my side.

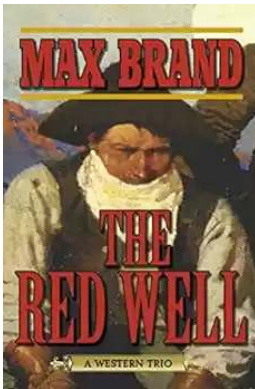

Now, I just need to find out who wants me dead while staying alive, finding love... oh and potentially saving a nation at the same time.

Bonds and Blood is the first book in the Mists of Elista Trilogy, an action-packed epic fantasy reverse harem romance with a driven heroine who doesn't have to choose from her irresistible romantic interests. This trilogy has F/F content.
