My book is about the fundamentals of Investing which include Cryptocurrency Coins/Tokens, NFTS, Stocks, and ETFs. My book breaks down the style of investing that myself and my family have been doing since the late 70's and early 80's. We break down different investing strategies that will explain "Generational Wealth". We basically also give

individuals terminologies that beginning investors should know when wanting to start investing in themselves and their children. We give our personal journeys through up to five years of the GOOD, the BAD, and the UGLY when it comes to our ways of how we started our small company.
